Helena and Lewis & Clark National Forests Plan Revision

The Helena and Lewis & Clark National Forests are in the early stages of revising the forest plan. Your feedback is needed at this stage on how you use the forests, what you see as emerging issues and trends, and suggestions on ways for you to be involved. Your input will help inform management of the forests over the next 15 years.

Please share your perspective on the topics below. Please use the back of this page if you need more room. Thank you for sharing your views.

- 1. How do you use the forest today? How do you see that use changing over the next 20 years?**
- 2. What do you think is working well with the current forest plan? What would you like to see changed?**
- 3. What is the best way to engage your community in the forest plan revision process? What are the best ways to share information and keep people informed?**
